

Extra Length. Fewer Laps. Added Beauty.

EXTRA LENGTH. FEWER LAPS. ADDED BEAUTY.

We've made Charter Oak® premium vinyl siding even more appealing. By making it longer . . . almost 38 percent longer . . . 16' 8" to be exact. The longer length means fewer laps . . . offering a cleaner, more attractive look to the finished appearance of your projects.

Use it by itself, or for greatest cost-effectiveness, mix it with regular 12' 1" panels. It's the same advanced design that made Charter Oak a market leader, a preferred choice for new construction and remodeling projects. Plus, Charter Oak XL's added length enables faster, easier installations.

Charter Oak XL comes in an attractive oak grain or matte texture and a choice of 4-1/2" clapboard or dutch lap profiles, as well as 29 popular colors.
